Prompt

Build an innovative technology that improves the lives of women.

2026

Group 8

AIDWAY

Luke Durman, Dylan Maxim, Srijani Palwai, James Schaffer, Nabil Shah

The Problem

Woman and girls in humanitarian crises often have limited access to sanitary products.

Humanitarian aid is often blocked.
[1]

Research

71.5% of refugees reuse menstrual materials. [2]

34% of women in humanitarian crises access to sanitary pads. [3]

No reliable way to report demand.

Our Solution

AidWay is a system designed to help charities get sanitary products to women and girls in humanitarian camps.

Tech Stack

Frontend

- → Next.js
- → React
- → TypeScript
- → Tailwind CSS

Backend & DB

- → Firebase Firestore
- → JavaScript

AI / ML

- → Google Gemini API
- → Ollama API
- → Custom Python ML Model

Additional Features

- → Leaflet.js
- → QR Code Gen API
- → Deployed to Vercel

Tech Demo

"

Periods don’t stop in a crisis.

THE TEAM

Nabil
3rd Year Comp Sci

Head Backend Dev

Dylan
2nd Year Comp Sci
